## No. 9 AUBURN vs. No. 6 WASHINGTON September 1, 2018 Mercedes-Benz Stadium >> Atlanta, GA

#### Auburn Head Coach Gus Malzahn

## On the experience of the Chick-fil-A Kickoff Game ....

"First of all, it was a great experience. I really appreciate the Chick-Fil-a. It's a first-class event. We are real pleased that we beat one of the better teams in the country. We faced some major adversity, and our team found a way to win. A couple things really stand out to me. That last drive offensively I think that we scored, we had a big 3rd down and 10 where Jarrett hit Chandler Cox. We were stalled, I think, two series before that. Our defense, I think, they got inside the 10 or 15 I think three times, held them to three points. I thought that was huge.

Probably zero turnovers, as many young guys as touched the ball, real impressed with that, and the fact that our defense forced two turnovers.

Having some penalties is really uncharacteristic. We've got a lot of things that we can correct. But I'm just proud of our team that the way that we won -- and sometimes it's how you win a game that can help you later in the season. So real proud of our guys."

#### On his assessment of the offense...

"I was pleased. We ran the football, I think, for 147, threw for quite a few yards, too, against a very good defense. They were a top-10 defense last year, I think they had nine starters back, and they were as good as advertised."

# On what Washington did defensively in the red zone...

"They dropped eight, I believe, twice, and there wasn't a whole lot of seams right there. They just did a super job, and I thought Coach Lindsay made a super call with that very last drive when he ran the zone; I think it was 3rd down and 7 or 3rd down and 8, just ran the zone in five-man box, and I thought it was one of the better calls of the game."

# On the play of the offensive line...

"I thought they did a good job. Their defensive line is extremely well-coached. They're very, very talented. So I thought overall -- here's the deal: It was a great experience for that group, especially the new guys that are starting for really the first time against a defense like that, and it'll be great experience. I think it really can help us moving forward."

# On what answers he got from the opening game...

"We've been talking about overcoming adversity. You look at last season, we didn't win hardly any, if any, close games, and we knew this was going to be a close game. We knew it would come down to the end. We were talking about that, and leaders like Darrell and Jarrett, they seized the moment. Even when it didn't look super at times, they just kept believing and just willed us to win and found a way to win."

# On JaTarvious Whitlow's performance...

"Well, Whitlow has done that in practice, it's just a matter of him -- he runs hard, and I think he got -that touchdown run, I think he ran over a safety, and then of course that last time, we're in the wildcat and everybody in the building knows he's getting the ball, 3rd down and 2 for the game, and he got it. I think that'll help him moving forward with his confidence."

# On Noah Igbinoghene's performance...

"Noah is a great competitor. I think these two guys could tell you that. The moment is not too big for him. Yeah, I thought he played extremely hard and did a good job, and I think it showed. They didn't kick it to him on the kickoff runs, I think that showed a lot of respect."

# On what the team needs to improve moving forward...

"I think the penalties. That's real uncharacteristic. I thought last year we were either leading the league on one of the leaders in penalty yards. We had some uncharacteristic things happen that we've got to clean up. I think there was one big punt return that was really tough. Ryan Davis was dynamic, but the great thing is when you win, you have -- you can correct things a little bit easier, but hey, like I told our team in the locker room, I'm just proud of -- I wanted them to enjoy this. Came back against -- this is the third time we've been here, and got the victory, and beat a top-10 opponent. I don't know if we've done that in a long time. So real proud of these guys and the rest of the guys."

# On if the win can give the team momentum moving forward...

"There's no doubt it can give us momentum when you beat a top-10 team. They're well-deserving of that, so it definitely gives us momentum, as far as before we get into SEC play ^ check. But hey, it's just one game, but we're excited to get the victory."

# Jarrett Stidham, Jr. QB

# On the struggles in the red zone ...

"I think any time you're playing a top 10 defense week 1, I mean, I think you're definitely going to have some things when you look at the film on Sunday that you're definitely going to have to work on. But overall, I thought we played really, really well for week 1. Obviously a lot of things to correct. But I really like where this football team is at, and I like where we're going."

# On using his legs to get out of tough situations...

"I'm not going to be Cam Newton busting 80 down the sideline by any stretch of the imagination, but I think when my legs come into play is when they do drop eight or I can get outside the pocket and there's guys running down the field with their backs to me, I can pick up a 1st down. I think -- I wouldn't want to say I'm a dual threat, but I definitely want to use my legs when needed. If that's one time a game or if that's 20 times a game, I'll do whatever it takes to win."

# On finally getting a win at Mercedes-Benz Stadium...

"I think when you look at the last few times we came here, we just didn't execute, and we just didn't win. We don't care if it's here or if it's in a parking lot. We just want to play football, and we just want to find a way to win. Darrell is right, I was actually telling Coach Malzahn this during pregame, it just felt different this time. For whatever reason, I think this team, the chemistry is unreal in my opinion. We're all so close. I think at the end of the day, we just want to win for each other, and we want to win for these coaches."

# On his comfort level in this game compared to his first start last season...

"Way more comfortable. Obviously I didn't really know what I was getting myself into this time last year, but when you go through the grind of the SEC and then the SEC Championship and New Year's Six game, you gain a lot of experience and you mature really, really fast. And so fast forward to now, I feel like just myself as a person, I feel like I've grown a lot, especially as a leader, and also as a quarterback, and just trying to make the right play at the right time."

## On Kaleb Kim's performance at center...

"I thought Kaleb fought as hard as he possibly could, and especially when you go up against a guy like Derrick Brown in practice every day, it's going to do nothing but help you. So whenever you get into situations like this, big games like this against nose tackles that are as good as 99 was today, you know, it's just like practice. I thought he played extremely well, and I'm looking forward to seeing how he progresses the rest of the year."

#### Darrell Williams, Sr. LB

# On how the defense played...

"We got a lot of things to work on, but I feel like we did good on the things that we talk about all the time like red zone and 3rd down, like you just mentioned we did a pretty good job of stopping them in the red zone. That's just things that we continuously work on in practice, and we take seriously and try to make like a game as much as possible, so when we get in those situations we know we can come out on the right side. That's what we did today, and I feel like we did a good job, and we've just got to continue to get better."

## On finally getting a win at Mercedes-Benz Stadium...

"It feels great. We came here two times and we came up short, but the team just had a different vibe from the day we stood on the field, down on the field yesterday. Everybody came in and was focused. It was just different. Everybody had a goal, and we all came together and we achieved it. We just came together and said we won't let that happen again, and that's what happened."

#### JaTarvious Whitlow, Fr. RB

# On Coach Malzahn's trust to put him in big situations in his first game...

"It's a blessing that they can trust me now. You can put me in the big moment, and I'm going to show you that I need to be in right then. Me and Kam Martin are going to go all in. We are thunder and lightning, and we heard an earthquake."

#### On what the coaches and players said to each other before starting the last drive...

"It was a mental thing. We were at a point where we needed to pound, and we needed to go. Everybody needed to count on everyone else and play like were going to play. We got in the locker room and said the first half is over. You can't live in the past, you've got to go forward. We were slow, but we came out and showed them that we can be more than that."

#### On what his play meant...

"It means the most. I'm here from a small school. They put their trust in me, coming from a small school. I wanted to show the coaches they could trust me all the time no matter what the situation is."

#### Kam Martin, Jr. RB

#### On his first start...

"It felt good. It's just a blessing to come out and get a win. All week, Coach Malzahn said that we were going to deal with some adversity, so we were ready to respond to it."

#### On finishing the game strong...

"My goal was to get a win in this stadium today. I wanted to break the little curse that was going on. I told the guys, 'When things get rough, let's just keep pushing.' Let's win the game regardless and let's just keep pushing."

#### On what the win means...

"I feel like it's going to give us a lot of momentum for the season. Washington was a great opponent and I feel like we'll see those guys again down the road. But we're just going to take this win today and get ready for next week."

# Derrick Brown, Jr. DL

On what it means to finally get a win in Atlanta after falling short the last two visits... "It was definitely great. I think that going out there and being able to get that win, especially with it being a top ten matchup, that's really good for our team and our program."

#### On how the defense played as a whole ...

"I think we played alright. There are a lot of things we have to improve and we all know that."

*On the significance of coming back and winning a game in the 4th quarter...* "It definitely shows that we have the ability to face adversity and come out of the hole."

# Dontavius Russell, Sr. DL

# On the defense staying out on the field for long portions of the game:

"We talked about it going into the half. We were up by two points. It was a whole emphasis that if we lose this game, it's not on the defense. We really took that challenge and we were able to keep them out of the end zone. You know, 'bend but not break.' That was our motto going into the second half."

# On the last sequence...

"It got to a point where we scored a touchdown and then we needed to buckle down. Like I said, if we do our job, then we win the game. That's why we got so much pressure then as compared to previous downs."

# On the pressure put on the defense to hold the lead...

"We want that to be in our hands. If the offense scores three points, we should win the game. That's the way we look at it. We always want that kind of pressure."

#### On the big win over a top opponent...

"Any win is hard to come by in college football. Especially since they were number six [in the nation], it was real big."

# No. 9 AUBURN vs. No. 6 WASHINGTON September 1, 2018 Mercedes-Benz Stadium >> Atlanta, GA

#### **Head Coach Chris Peterson**

#### **Opening Statement...**

"The guys played hard. Proud of them for that. Just made too many errors in our first game against a good opponent. We'll get them corrected, just keep playing hard, and we'll make progress."

On the unsuccessful trips in the red zone were due to Auburn's defense or lack of communication... "Well, there's all that for sure. It's a really good defense. They played like that all last year, and it's us -you get in the red zone, you've got to be very detail oriented, and you're splitting hairs down there, and against a good defense, if you don't have your details taken care of, you're going to end up kicking too many field goals. Our defense kind of did the same thing for the most part, made them some kick some field goals. They kind of played hard down there. Auburn made some pretty good big chunk plays, and then our defense made them kick some field goals. We're close, but that doesn't count in a game like this."

# On if there was an emphasis on the aerial attack instead of the ground game...

"Yeah, our receivers did a good job making plays on ball, no question about it. It's always easy to kind of sit back here and think, should we have thrown it more and all those things. We'll analyze the tape and we'll all get better. We asked the kids last night and all week, just play hard, go fast, don't think. The rest is on us as coaches, and we'll go back and we'll tighten it up and we'll have them thinking less and making less mental errors, and we'll see. Keep working like we've been working, and we'll be okay."

# On what Washington can take away from the game ...

"They'll already know it, but it all comes down to details when you're playing evenly matched teams. It's going to be decided by just some really big-time plays by a couple individuals is usually what it is, and that's what I think. We'll get some things tightened up. We had a few first-game, I-can't-believe-that-happened, the first interception that Jake threw on the scramble, a protection bust, and he had to scramble out of there. He should have thrown it out of bounds; don't make a bad play worse. But those type of things I don't think we'll make moving forward, but I think it's all about tightening up the details."

# On Jake Browning's performance...

"He's always a hard one for me to evaluate sitting here. I kind of feel like he's kind of like the O-line. It's easy to cast stones sometimes at that position, and you you've got to see what he was looking at. He threw some nice balls in there and he was poised on occasion. I know the one pick on the sideline he's got to throw that away, and a lot of first-time stuff."

# Jared Hilbers, Jr. OL

# On finding a rhythm during the game...

"We had pregame jitters going into the first game of the season. Everyone has them. We had to get more momentum and finish."

# On the touchdown drive before halftime...

"That drive definitely brought our spirits up. It really got our momentum going, brought good vibes to the locker room during halftime, and (led to) a good start to the second half."

#### Jaylen Johnson, Sr. DL

## On the differing factors between Washington and Auburn's game...

"I think we were both battling, and they just made some plays at the end. There wasn't anything I could identify that they were better than us at. They just made some plays. I talked to those guys, and they came prepared. It was a great game from start to finish. Much respect to both teams."

#### On how Washington played as a team...

"We really (have) got to watch the tape. I felt from being on the field, we had a really good game. I think we were physical, and we (were) watching the ball. We had a good game plan, but as you know, we came up short at the end, but we will back to work tomorrow."

#### On what Washington can take from the game ...

"You just got make plays at the end. It comes down to the fourth quarter with big, big-time teams like this. You know we've been in big games before, and it always comes down to the fourth quarter."

#### On his takeaways from the game ...

"We just got to clean up our technique. Like I said earlier, I feel like we were physical enough. We had the energy. We were running for the ball. We just got to clean up the technique. At those plays at the end, we can start to force turnovers."

# On the benefit that Auburn had being closer to home...

"If you want to be the best, you got to beat the best. We had a taste of the best. It was a top 10 matchup. They are a great team. We are a great team, and it is good to get that practice against great teams, especially earlier on, so the rest of the season we know what that standard looks like."

#### Jake Browning, Sr. QB

#### On capitalizing on red-zone opportunities...

"It comes down to attention to detail. We missed some of those details, and it cost us. We had no problem getting in to the red zone but Auburn converted more than us."

#### On the touchdown to wide receiver Quinten Pounds...

"We were just going fast, and we threw it up to him, and he made a hell of a play. He has really good ball skills and like all receivers, they are supposed to go out and make plays, and I thought they played really well."

#### On plays throughout the final series...

"We were moving the ball well. I think they realized they couldn't double at corner, so they started playing Cover 2. I tried to hit some stuff over the middle. We got a couple of big third downs. The second-to-last one, I had to throw the ball away to get a better fourth down. At the end of the day, we didn't finish."

## Quentin Pounds, Jr. WR

#### On team stepping up...

"I think we performed like we were supposed to. Like I said before, all offseason we've been working hard and getting after it – going against the best DBs in the nation with our DBs – so, just going out here and being able to make some plays, that's awesome to see for us."

On the physicality from Washington wide receiver Ty Jones and his big play before the touchdown... "I really like what I saw from him today. He's a big body. He's a big guy. He went out there and performed like he should and he showed people what he can do and also what we all can do."

On making the decision when the ball is in the air if you can only get to it with one hand... "It was kind of far out and I felt like if I reached out with the other hand, I might go out of bounds or something. I just thought the one hand would be good for that situation and to just stay in bounds also."

#### On quarterback Jake Browning's performance...

"Jake did really good today. I feel like he was really poised in the pocket, especially with those big Dlineman they've got. We got stuff to grow on still."

#### On what it will take to put all four quarters together...

"Auburn is a good team, but like our coaches say all the time, just keep fighting, keep swinging. There's a lot of game to be played, and one play can make a difference of the game. So, we've just got to keep working hard."

#### Myles Gaskin, Sr. RB

# On the team's offensive struggles...

"I think we played hard but made a few errors. We had too many chances where we didn't capitalize in the red zone. I'm sure we'll see more in film, but that was the biggest thing in my eyes. We have to start out faster and stop making little mistakes moving forward. They played good defense, and we didn't played with enough attention to detail."

# On his immediate reactions to the game ...

"I'm proud of this team regardless of the outcome. We worked hard all offseason, and we worked hard in this game. Sometimes, it just doesn't turn out how you want. We'll learn a lot from this game. We'll watch some film and talk to the coaches and keep on moving forward."

#### On becoming Washington's all-time leading rusher...

"I'm very thankful to the O-line and all of the O-Lines I've played behind. It means a lot to be afforded the opportunities that I've had here. I'm just happy."

# On the play from the offensive line...

"Jared Hilbers played a great game. He didn't even know he was going to be playing until late. Jackson Kirkland also played great. I could see in his eyes that he was very driven. I'm proud of how some of these guys played in their first games. They have a lot to bring to the table."
