Steve Dolan

Coach - Penn

After Penn became the first Ivy League women's team to win a Championship of America (doing so in DMR)

"This is an all-star group, some of the best runners in Penn history assembled at one time. It is a historic moment. Sometimes you think it is possible, but then to actually capture the moment and do it...there is nothing more exciting than a relay moment when you do it together. I could not be more proud of their hard work and accomplishment."

Uche Nwogwugwu

Athlete - Penn

DMR conference

"I wanted to do something special today with these beautiful, lovely, talented ladies and I am so proud of everything we accomplished today."

Maddie Villalba

Anchor - Penn

DMR conference

"I don't know if there are words, winning a race like that is unlike anything else."

Melissa Tanaka

Athlete - Penn

DMR conference

"We are all really good friends and I can always count on them for anything, they push me to be so much better than I could be on my own."

Nia Akins

Athlete - Penn

DMR conference

"As the lap kept going and building momentum with people cheering me on it did not seem like too tall of a order."

Uchechi Nwogwugwu

Athlete - Penn

DMR conference

"I think every year I come to Penn Relays and something special happens to me. I run my season best every time I run here. It's really exciting to do it at home as a college student."

Steve Dolan

Coach - Penn

DMR conference

"I was yelling 'stay in the moment' because it is hard when you are by yourself and the crowd is going crazy with the announcer yelling, 'no Ivy team has ever done this before!'"

Maddie Villalba

Athlete - Penn

In response to hearing Coach Dolan's "stay in the moment" call

"I needed it. It was very grounding to come around every lap and know that I was going to get what I needed from Coach and just relax."

Steve Dolan

Athlete - Penn

On whether or not they will start a Penn Relays Wheel wall (a la Villanova)

"We don't know. We have never had one before, we will have to create one."

Steve Dolan

Coach - Penn

As the final few laps approached in the DMR

"I just wanted to get to the finish line. Someone ran over with two laps to go and said, 'You got it, it's great!' I said, 'Two more laps, two more laps.'"

Nayomi Taylor

Athlete - University of Houston

How does it feel that just a year ago you had to miss the Penn Relays due to injury, and now you are standing here after leading your team to a championship?

"It's really the environment I have always wanted to run in. It was very hard overcoming the injuries, but this offseason was just a lot of hard work and I really feel like I came back better than I was before. That race was definitely up there as one of our best."

Clayton Thompson**Anchor - Navy**

About coming from behind to win and beat UTech

"I saw my boys start and we were in second, close behind the whole race. And I just said to myself that if I can just have a great start and transition through the first hurdle, I thought I could carry myself through the rest of the race and have a great close. I'd like to say I knew in my head from the start that I would catch him, but it was about the fourth hurdle that my steps were feeling good, moving fast between the hurdles, and I think around the fifth, sixth, seventh hurdle I was ahead. I wasn't paying any attention to his lane, as Coach always tell us to run your race, what's in your lane. Don't focus on anything else. That's what I put into the race."

Hunter Wargo**3rd Leg - Navy**

Kept second behind UTech throughout his leg

"I felt pretty good. We were all pretty confident. We knew we were better than last year, and we were ready to come out here and win something. I couldn't say how much distance I closed, but I know Clayton made up a lot of ground in the last leg."

Cameron Hurd**2nd Leg - Navy**

Was running second behind UTech

"Coming out here to the Penn Relays, look around at all this competition, it's a perfect day outside for some hurdles. We were feeling really good coming into this regardless. Individually, I'm feeling good, coming off of good stuff last week. The only time we run the shuttle hurdles is Penn Relays. We have come here the last three years and finished second each time. We said to ourselves that we were coming to get a wheel this year."

Kordell Williams**1st Leg - Navy**

"I just felt as if my team, we're good, we're really good to go. Earlier in the season I was faced with a couple of injuries, but my teammates picked up and took off where I left off. And I had complete confidence in these guys. We absolutely won because of the 2nd, 3rd and 4th legs. I'm a senior, my last year at the Naval Academy, and we came here the last three years and finished top three every year but never won. So I'm very glad to out with a victory."

Michael...
Anchor - Shore AC-NJ

"The weather kind of messed with our mental state, but as a team we had to stay as mentally tough as possible. With the delays, it kind of threw our warm-up off, but with our coaches and each other's positivity we kind of pulled together and made sure that whatever we did today we had to give it our all. Once the gun goes off, it's either make it or break it. Personally, it does kind of affect me, but coach tells us that if someone drops out, you can't pay attention to that. It's your race and your times, and you can't really let that affect you mentally."

Caitlyn Little
Anchor - South Carolina

"My team got me a good lead, so honestly I just had to keep it and run a pretty easy race. And I felt good about it. This is my first hurdles race of the season. I've been injured so this is my first race. I love it here, it's my favorite meet."

Milan Parks
2nd Leg - South Carolina

"I was actually a little startled (at the beginning), but at the end I had to get my composure back and go and try to get my team a good lead. I was focused on my own race, but I knew my team could do it."

Mathilde Coquillaud-Salomon
1st Leg - South Carolina

"I was really nervous, and I was late. The girls were in front of me when I started, but I caught up at the end so I'm happy. It was a good race."

Jordan Fields
3rd Leg - South Carolina

"It was a beautiful day, so I just knew we were destined to win. I said to the girls, 'let's just go get a wheel.' We owe it to the coaches and all the athletes that came before us. They laid a path for us, and we wanted to continue to bring wheels home."

Mick Byrne

Coach - Wisconsin

Winning the College Men's Championship of America DMR, Wisconsin's first Penn Relays CoA title since 1916

"103 years is a long time to wait to win a Championship of America Penn Relays wheel, but to be honest this is what we came here to do. In saying that, anything can happen race day, and it did. Those two weather delays were nothing we haven't experienced before and it was impressive to see how calm our guys remained throughout the day. When they put us back on the track after the second delay, the skies just open up. I told our guys that some guys will freak out due to the heavy rain, but they laughed it off. Morgan led us off with a very nice 1,200-meter leg, controlling the tempo at the front and handing off to Corbin in first. This was Corbin's season opener and he ran a tremendous 47.39 400-meter leg, the second-fastest leg of the race, to keep us in first place. Eric Brown ran with great poise and split the fastest 800 meters in 1:49:37 to maintain our lead heading into the final 1,600 leg. Once the anchor legs took off the pace slowed to a crawl and after the first 500 the entire field was back together again with Olli Hoare near the front with the NCAA indoor champions, Notre Dame, and Villanova, which had the NCAA mile runner-up, close by. With 200 meters remaining, Hoare went into another gear and was real impressive closing out the last 100 for our historic win. Olli's run last week at Bryan Clay gave him huge confidence heading into this weekend and he wanted to anchor our DMR team tonight. This is somewhat redemptive for NCAAs, but only in the sense that we turned the tide on the national champs. To do this with two Wisconsin walk-ons is rewarding and I'm very excited for Corbin and Eric, especially Corbin, who has battled through injury the early part of this year."

Corey Murphy

Athlete - Monmouth University

What was the experience like compared to other years you have been here?

"It has been great, I have been coming here since high school so to win here in my final year really is special. I have grown a lot, physically of course, but a lot more emotionally. It was apparent when we were warming up in the rain, it was clear it was getting in a lot of other people's heads, but I just had to keep my head down and focus on what was ahead. I just had to make sure everyone was more uncomfortable (with the rain) than I was."
