Postgame quotes

Virginia Tech quarterback Ryan Willis

(On the turnovers)

I need to take care of the ball better. There's a couple of reads that I can make better. I had some tough looks here and there. The first one, they showed us a little 3. I tried to hit a seam, and the outside linebacker made a good play. He rolled, and I thought he was going to fall off, and he made a good play. Hats off to Boston College. They're a good team, and we're going to get better next week and watch the film and look for things to improve on.

(On Kaleb Smith and his importance)

I'm proud of Kaleb, really, really proud of him. He just got put on scholarship. A kid that brings his lunch pail every day. He works. He's earned that starting job, and I'm looking forward to seeing how he grows.

(Do you take anything from this game, or is it hard to look at the positives)

You have to look at the positives. There is a lot we can get better at and a lot we can eliminate. We can eliminate mistakes. This team has so much potential, and I really want to see us live up to it.

(On the mindset of the team)

We need to turn the page. It's done and over with. We've got Old Dominion next week. They're coming to our house, and it's the home opener for us. We're going to get it done. Get a week of practice, hit the film room, and we're going to put the best product on the field that we can.
